

Maximize your point of sale payments with Forte

Take your sales to a new level with a payment device that provides unprecedented performance, speed and security.

- Ultra-functional design geared towards ease of use, includes back-lit screen and keypad. Small footprint frees up space and fits into any setup
- Beefed up specs boost productivity, allowing for a higher rate of transactions and improved customer experience
- Terminal can be configured to capture two data elements (like the Cashier ID and an Account Number field) for ease of reconciliation and reporting
- Meets all of today's industry standards: EMV chip-enabled cards, Swipe with End-to-End encryption and NFC capable (allowing for Apple Pay, Google Pay and Samsung Pay)
- Available in hybrid or standalone mode

Multiple security certifications ensure a high level of data protection.
