

ACCOUNT UPDATER

Simplify and streamline customer account maintenance with CSG Forte

Recurring payments are convenient for you and your customers. However, expired or replaced credit cards can interrupt recurring payments and services. CSG Forte's Account Updater automatically keeps card data current, giving you and your customers peace of mind. Account Updater is payment processor-agnostic and available as a standalone service.

ACCOUNT UPDATER CAN HELP YOU:

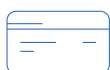

Maximize revenue and cash flow while minimizing customer churn

Automate updates, such as expiration date changes, account closures and account number changes

Reduce declines for recurring payments

Eliminate the hassle of updating information when cards are lost, stolen or reissued

Prevent interruption of customer service due to nonpayment

Minimize costs associated with collections and manually updating accounts

CSG FORTE'S ACCOUNT UPDATER AUTOMATICALLY KEEPS CARD DATA CURRENT, GIVING YOU AND YOUR CUSTOMERS PEACE OF MIND.

ACCOUNT UPDATER IS PAYMENT PROCESSOR- AGNOSTIC AND AVAILABLE AS A STANDALONE SERVICE

HOW IT WORKS

- Participating issuers report account changes to a master database.
- CSG Forte compares database information with the stored card accounts for recurring transactions. CSG Forte updates the card information on file with current database information.
- CSG Forte alerts you of closed accounts that require attention.

A COMPLETE PAYMENTS SUITE

Account Updater seamlessly integrates with CSG Forte's card acceptance and recurring payment solutions:

- **Dex**—A cloud-based platform built to streamline payments management
- **Checkout**—A ready-to-go payments processor built into your site
- **BillPay**—An omnichannel solution that delivers a secure and seamless payment experience

MAKE YOUR RECURRING
PAYMENTS CONVENIENT FOR YOU
AND YOUR CUSTOMERS WITH
AUTOMATIC ACCOUNT UPDATES
