

SEAMLESSLY MANAGE PAYMENTS WITH A UNIFIED SOLUTION

Dex by CSG Forte helps you manage your payment operations through a single, cloud-based platform. Streamline time-consuming payments tasks, monitor transactions in real time and act on insights from analytics.

GAIN CONTROL OVER YOUR PAYMENT OPERATIONS

Manage the transaction lifecycle

Process one-time or recurring transactions. View and handle voids, reversals, refunds and more.

Verify funding

Easily view and search for funding details and locate related transactions.

Dispute management

Manage the full lifecycle of disputes, and view, respond, track and upload documentation.

Dex provides insight into your organization's:

- **Permissions**—Grant role-based permissions for each account
- **Notifications**—Receive event alerts and create custom notification messages

SMART TOOLS AT YOUR FINGERTIPS

- **Robust reporting**—Real-time funding and transaction reporting
- **Customer profiles**—Oversee customer data with access to contact information, payment details and payment schedule
- **API credentials**—Create, edit, suspend, activate or delete API credentials as needed
